On or about March 28, 1988, registrant was retained by the Government of Jamaica for assistance with a procurement proposal before the United States Postal Service. The assistance will include contacting officials in various federal agencies and departments for support for the procurement. Although Holland & Knight is already registered as an agent for the Government on behalf of the Jamaica National Export Corporation, it deemed it advisable to file this amendment as this work was requested by the Ministry of Transport, not the Jamaica National Export Corporation. Although the foreign principal remains the same, i.e. the Government of Jamaica, the work is being done for a different office of the Government. The agreement to provide service is oral and simply provides that registrant is to assist on the postal procurement and will be paid for its work on an hourly basis. We would be happy to provide any additional information about this work upon request.
